MEMORANDUM FOR: Director of Communications

FROM:

[REDACTED]

STAT

Chief, Management and Liaison Staff, OC

SUBJECT: Weekly Staff Notes, 14-18 January 1985

1. The agenda for the DDA Quarterly Review on 8 February has been approved by the D/CO, and the appropriate Divisions that have presentations have been notified.

2. The ranking of New Initiatives at the DDA level has been completed and several of OC's New Initiatives were rewritten in preparation for Executive Committee review.

3. Estimates on the costs associated with the Capitalization "SURGE" effort were received, and PPBG has coordinated related financial arrangements with OC-AMD and OC-FND.

4. Arrangements have been made for a Briefing board Imagery Transmission System (BITS) briefing by OD&E on 25 January.

[REDACTED], DI/ASG, will be attending this briefing, as well as representatives from OC-DND, OC-CSD, OC-ED, MLS/RAG, MLS/SINAG and OD&E Communications Group.

STAT

5. [REDACTED] MLS/RAG, attended the DDA meeting to rank four FY-87 R&D initiatives. Two of the initiatives were for OTE, one for ODP and one for the DO; none for OC were presented.

STAT

6. NCS Activities - From 29 to 31 January, [REDACTED] will be in Anaheim, California participating in the Armed Forces Communications and Electronics Association (AFCEA) Western Conference and Exposition. He will represent NCS on a panel discussion regarding the use of volunteer radio systems in a national emergency.

7. On 14 January, SINAG briefed C/FND, C/DND and members of their staffs on outyear crypto equipment requirements. KG-94 and KG-81 requirements vis-a-vis equipment availability and capability were discussed. An office formula for determining our unfunded requirements for KG-94s and KG-81s was presented. The KY-76 LRIP, portable STU-II, was also discussed along with funding directions. OC-CSD, who also attended, has prepared a MFR on the proceedings.

8. SINAG has arranged the loan of 52 KG-84 units from NSA in support of Project SURGE. These units are in addition to the 24 units being loaned from another office.

9. NSA is now accepting a portion of the TRW KG-84 production units. To accomplish this, NSA has waived several acceptance criteria. We have been assured that TEMPEST and unit operation will not be affected. NSA has agreed to formalize this arrangement via cable. To date, ten of the TRW units have been received. The initial units will be deployed to [] for thorough vetting prior to field issue.

25X1

10. Systems Engineering and Technical Assistance Services (SETA) - Nine companies responded to the RFP solicitation for OC-ED. Of these nine, four were chosen by the selection committee and, of these four, [] have had contracts awarded. The other two contracts are expected to be awarded in the next few days.
